HARD WORK PUTTING KENDALL IN SHAPE

Couch McBirney to Have Two Backfields Ready For First Game.

TWO GREAT TACKLES

Greatest Open Style Playing Football Team in State This Year.

The week just past saw athletics at Kendall progressing nicely, due perhaps to the consistent work done by the two excellent coaches, McBirney and Schmidt. These two men have been hard at work with the small number of men with which they have had and the results have been showing themselves very plainly, the work of each individual has been lengthened and they are now able to go through three hours of extra hard practice each evening. Although the coaches have been handicapped by lack of material, there being no more than 15 men on the field at one time, they have any chance of making the team, these 15 have been very loyal to their school by reporting for the afternoon work regularly and promptly.

Back Field Coming.
The 15 players who have been working hard all of the last week include John Young, Capt. Ivan Grove, Harry Miller, Felt, a small backfield, Edwards and Anderson, all of whom Coach McBirney intends to use in his backfield the present season, unless some material better than those appears soon. Injuries to the backfield this year will not break up the team, work as it did last year for the present plan is to have a first-class substitute for each of the four backs. The Kendall team will not be weakened because of the absence of a quarter back, as both Young and Grove are working at that position. Speed has been the byword of the backfield all year and this idea will be very well carried out with Young, Grove and Miller, all speedmen in harness.

The two end positions are being very well filled by Jones and Handley. Jones has been working hard and earnestly every day since practice started and is in fine condition at present, excepting a small bruise under the left eye which was obtained in scrimmage last week. He is much faster than ever before and his brilliant work at catching passes while high from the ground has brought words of praise from all who have seen him. Jones has been tackling sure and hard, and is the best of the squad at hitting an opponent on his stoogeings. Handley also is a very earnest worker, seldom missing practice. Although not so fast as Jones, he makes up for this in his size and fighting spirit after catching a pass.

Great Pair of Tackles.
The two great tackles, Leakey and Blevins, are not equalled by another pair in the entire state on the same team. Blevins is six feet four and one-half inches tall and weighs 210 pounds, and Leakey is six feet two inches tall and weighs 190 pounds. Both men are fast considering their size, and it is likely that they will be used on the offensive many times before the season closes. Blevins' condition is daily improving and if nothing serious happens he may be able to enter the first game, so stated his physician yesterday. Leakey is in perfect condition.

Kinnear, left guard, John Bader at right guard and Austin at center composes the rest of the lineup for the present. Austin and Handley enjoy the honor of having played two years on the football team, this making their third year. Kinnear is a very steady player and although he is a new man at the college, he looks like a regular at the present time. Two old men are expected to return this week some time: Frank Bader and Clifford Allen, both Hensens last year. These two players will put the needed strength into the line.

The work of Vergil Jones and Harry Miller has improved more than that of any of the last year's players. Miller's improvement is in particular noticeable. He is much faster and has been working harder, realizing that his position in the state is that Young and Grove pass the ball in an entirely different manner; Grover can only work

COACH LARUE BAKER

his pass successfully on days when the weather is clear and the field dry, because he grips the ball and throws it overhand and when the ball gets wet, a grip cannot be obtained upon the oval. Young uses the underhand pass, and is one of the few players in the state who use this method. He can pass equally as well in good or bad weather.

H. S. ELEVEN NOW GETTING IN SHAPE

Coach Baker Rounding His Charges Into Fairly Good Condition.

A PRETTY HEAVY LINE

Candidates Had an Introduction to the Tackling Dummy Yesterday.

With only one week of practice, the high school football team is already rapidly developing under the good coaching of Coach Baker. He has done great work, considering the short time which he has had to work with the team, and the number of new fellows who have been turning out for practice. Baker is strongly in favor of the players having good wind and toward that point was most of the work for the week directed. Each afternoon after all other work is finished, he leads the squad with a fast trot over a mile of territory. The practice on the field for the week consisted of forward passing, open field running, punting, scrimmage and signal work. Yesterday afternoon the "dummy" was abused for the first time.

Captain Setzer Working Hard.

Captain Winfred Setzer has worked hard during the week at his regular position of fullback. He will do all the punting this fall, and he will alternate with Miller in forward passing. Harley Price, Joe Price, Sands, Gillespie and Miller are other players who have been showing up well in the backfield. Miller, a sub on the team last year, looks good for the quarter-back position this year. Gillespie is a younger brother of Howard and Lester Gillespie, former stars on the state championship team of 1913 at Tulsa high school and who may make the Kansas university varsity this fall. Harley Price is a counselor who has been playing halfback since practice started and looks very well at that position.

Veterans at End.
Jimmy Tuttle and Impey, veteran ends of last season, are resuming their duties and unless someone well known locally appears soon they will play their regular star game again this year. There are more try-outs for end than any other single position, but so far nothing great has been developed.

Roy Young, with two years of experience on the high school team here, is playing center. He is a big husky with 190 pounds to back his third year of training. Campbell and Burton are filling in at tackle positions. Both are playing one guard and the other is held down by Henry Overton, the largest man of the entire list of candidates. Henry weighs only 240 pounds when in training.

Yesterday afternoon Coach Baker sent his squad through a good workout. Scrimmage, in which the regular backfield was placed with the scrub

RUNNERS-UP FAIL TO FORGE AHEAD

Red Sox and Phillies Are Now Sure Shots for the Flag.

NEW YORK, Sept. 25.—Runners-up in both major leagues failed to improve their chances of wresting the pennant away from the leaders in the week ending tonight.

The Detroit Tigers won two games today while the Boston Red Sox were winning one and thereby decreased the lead of the Red Sox in the American league to four and one-half games. Monday morning the Tigers were three and one-half games behind. The Philadelphia Nationals' victory today places them within easy reach of definitely deciding the race in their favor. With a lead of six and one-half games over Boston, the Phillies have won only three of their remaining nine games. After winding up their series at Chicago tomorrow, the Phillies come east to meet Brooklyn and Boston.

The Red Sox have only one game to play at home, that with St. Louis on Monday, and have open dates until Friday, when they go to Washington for two games and then finish the season with a five-game series at New York. The Tigers have six remaining games. After finishing the series with Washington on Tuesday, the Tigers have no games scheduled until Saturday, when they return home to wind up the season with Cleveland.

Forward Pass Wins Game.
PHILADELPHIA, Sept. 25.—A touchdown following a forward pass gave the University of Pennsylvania a 7 to 0 victory over West Virginia university today in the first football game of the season on Franklin field.
